D R E A M

Finalmente a casa. Questa è la sensazione che proviamo varcata la soglia di casa, magari di ritorno da un lungo viaggio o anche solo al termine di un'intensa giornata di lavoro.

La casa come luogo degli affetti, come luogo nel quale sentirsi sicuri e protetti. Ci piace pensare che chi sceglie CuboRosso scelga non solo un prodotto di design made in italy, ma un modo di intendere e vivere la casa. CuboRosso con la collezione Dream interpreta lo spazio domestico contemporaneo come un luogo privilegiato, nel quale ognuno può essere finalmente sé stesso e dedicarsi alle attività preferite: riposare, leggere, guardare la TV, intrattenersi con i propri cari, abbandonandosi al confort e circondandosi di oggetti connotati da una sobria eleganza.

La seduzione di un arredo, dove ogni elemento dialoga con gli altri, è la stessa che esprime un abito sartoriale: cura del dettaglio, equilibrio, eleganza, esclusività.

Forme eleganti e diversificate caratterizzano la collezione Dream. Attenzione per le finiture e cura dei dettagli sono ciò che accomuna un'ampia scelta di prodotti, che rispondono a necessità differenti.

Finally home. This is what we say when we cross the threshold of our home, heading back from a long journey or simply from a busy day at work. Home is the place of our affections, our safe place and comfort zone. Our belief is that the ones who choose CUBO ROSSO not only choose a Made in Italy product, but also a new way of understanding and living the house.

Dream collection fully interprets home as a preferential place where everyone can spend their time doing some leisure activities : resting, reading , watching a movie or enjoying their time with the dearest ones. Attention and care to details , elegance and exclusivity create an harmonious balance between each furniture element.

Thanks to its wide and unique choice of products, Dream collection meets everyone's need.

allison

Quando si pensa a un divano, si pensa a qualcosa di statico e inerte. Il modello Allison sovverte questa convinzione, perché nello schienale e nei braccioli nasconde un meccanismo che lo rende snodabile e consente di disarticolarlo dandogli la forma che in quel momento desideriamo. Una piccola rivoluzione.

When you think of a sofa, you think of something static and inert. Allison model subverts this belief, thanks to its moving backrest and armrests, letting you customize its shape as we most wish. Allison is a small revolution.

al zira

Serenità, semplicità, matericità, componibilità, relax sono alcune delle parole chiave del modello Alzira. Il suo rigore formale complessivo è accompagnato dall'esuberanza delle morbidezze interne, come a cercare di abbracciare e assecondare il corpo e la piacevolezza del comfort.

Serenity, simplicity, materiality, modularity, relaxation are some of the keywords of Alzira model. Its shapes are accompanied by an enchanting softness, embracing to body in a pleasant comfort.

Il design può ricercare forme inedite, oppure ripercorrere le forme e i volumi classici riformulandone le proporzioni e i dettagli. Un esercizio di stile che vediamo applicato nel sistema Capriccio: braccioli e schienali ampi, cuscini generosi, volumi importanti ma armonici e equilibrati. Un esplicito e spontaneo invito al relax.

L'ambiente casa è un ecosistema complesso. Si regge su equilibri, contrappesi, compromessi. Ogni nuova scelta dovrà fare i conti con l'esistente, essere in armonia, stare al gioco. Il divano Elba è accogliente nella sostanza, generoso nelle forme, morbido malgrado la rigidità del tratto. Un esercizio riuscito di disciplina stilistica.

Each house is a complex ecosystem. It is based on balances and compromises. Each new choice has to deal with an existing one and find its harmony. Elba aesthetic balance comes from the reduction of any superfluous element and from the well positioned construction of its components.
