

During the years the company expanded including **technical & design office** and **RIVA CONTRACT**, the branch specialised in residential, hospitality, contract and custom-made projects. In addition to the **artisanal tradition** that is the core of the business, the company improved also its automation process through the acquisition of **professional cutting-edge woodworking machinery**

Today Riva Mobili D'Arte, is still a **familiar business** company but with an **international recognition** thanks to the dedication of Francesco Riva and more than 25 years of experience in manufacturing furniture, accessories, boiserie and custom-made projects all over the world.

FRANCESCO RIVA

"Working alongside my father allowed me to learn the respect for work, the passion and love for creating, but above all the desire to do better and better, day after day.

*I am really proud to have carried on the family business and to have continued the hard work of my father Felice Riva and to represent today with my products the authentic **"Made in Italy"**.*

All Riva Mobili D'Arte pieces are unique and I personally follow every moment of their development. There is a real fusion between me and my products and perhaps that is what makes them so special.

In fact, creating is for me the first way of being. To support me in my dream there are Cristina, my wife, and Francesca and Giulia my daughters. Every moment, thanks to them, is full of enthusiasm, it is like a blank canvas to paint, a new chapter to write. I believe that everything becomes easier when we are surrounded by love, joy and optimism."

THE ART OF WOOD

Working with this material allows to go beyond boundaries, to experiment, to create extraordinary things.

*This is the power of wood, an ancient and versatile material that is able to inspire.
The skilled hands of the craftsmen are guided by my own PASSION, my own CREATIVITY."*

Francesco Riva

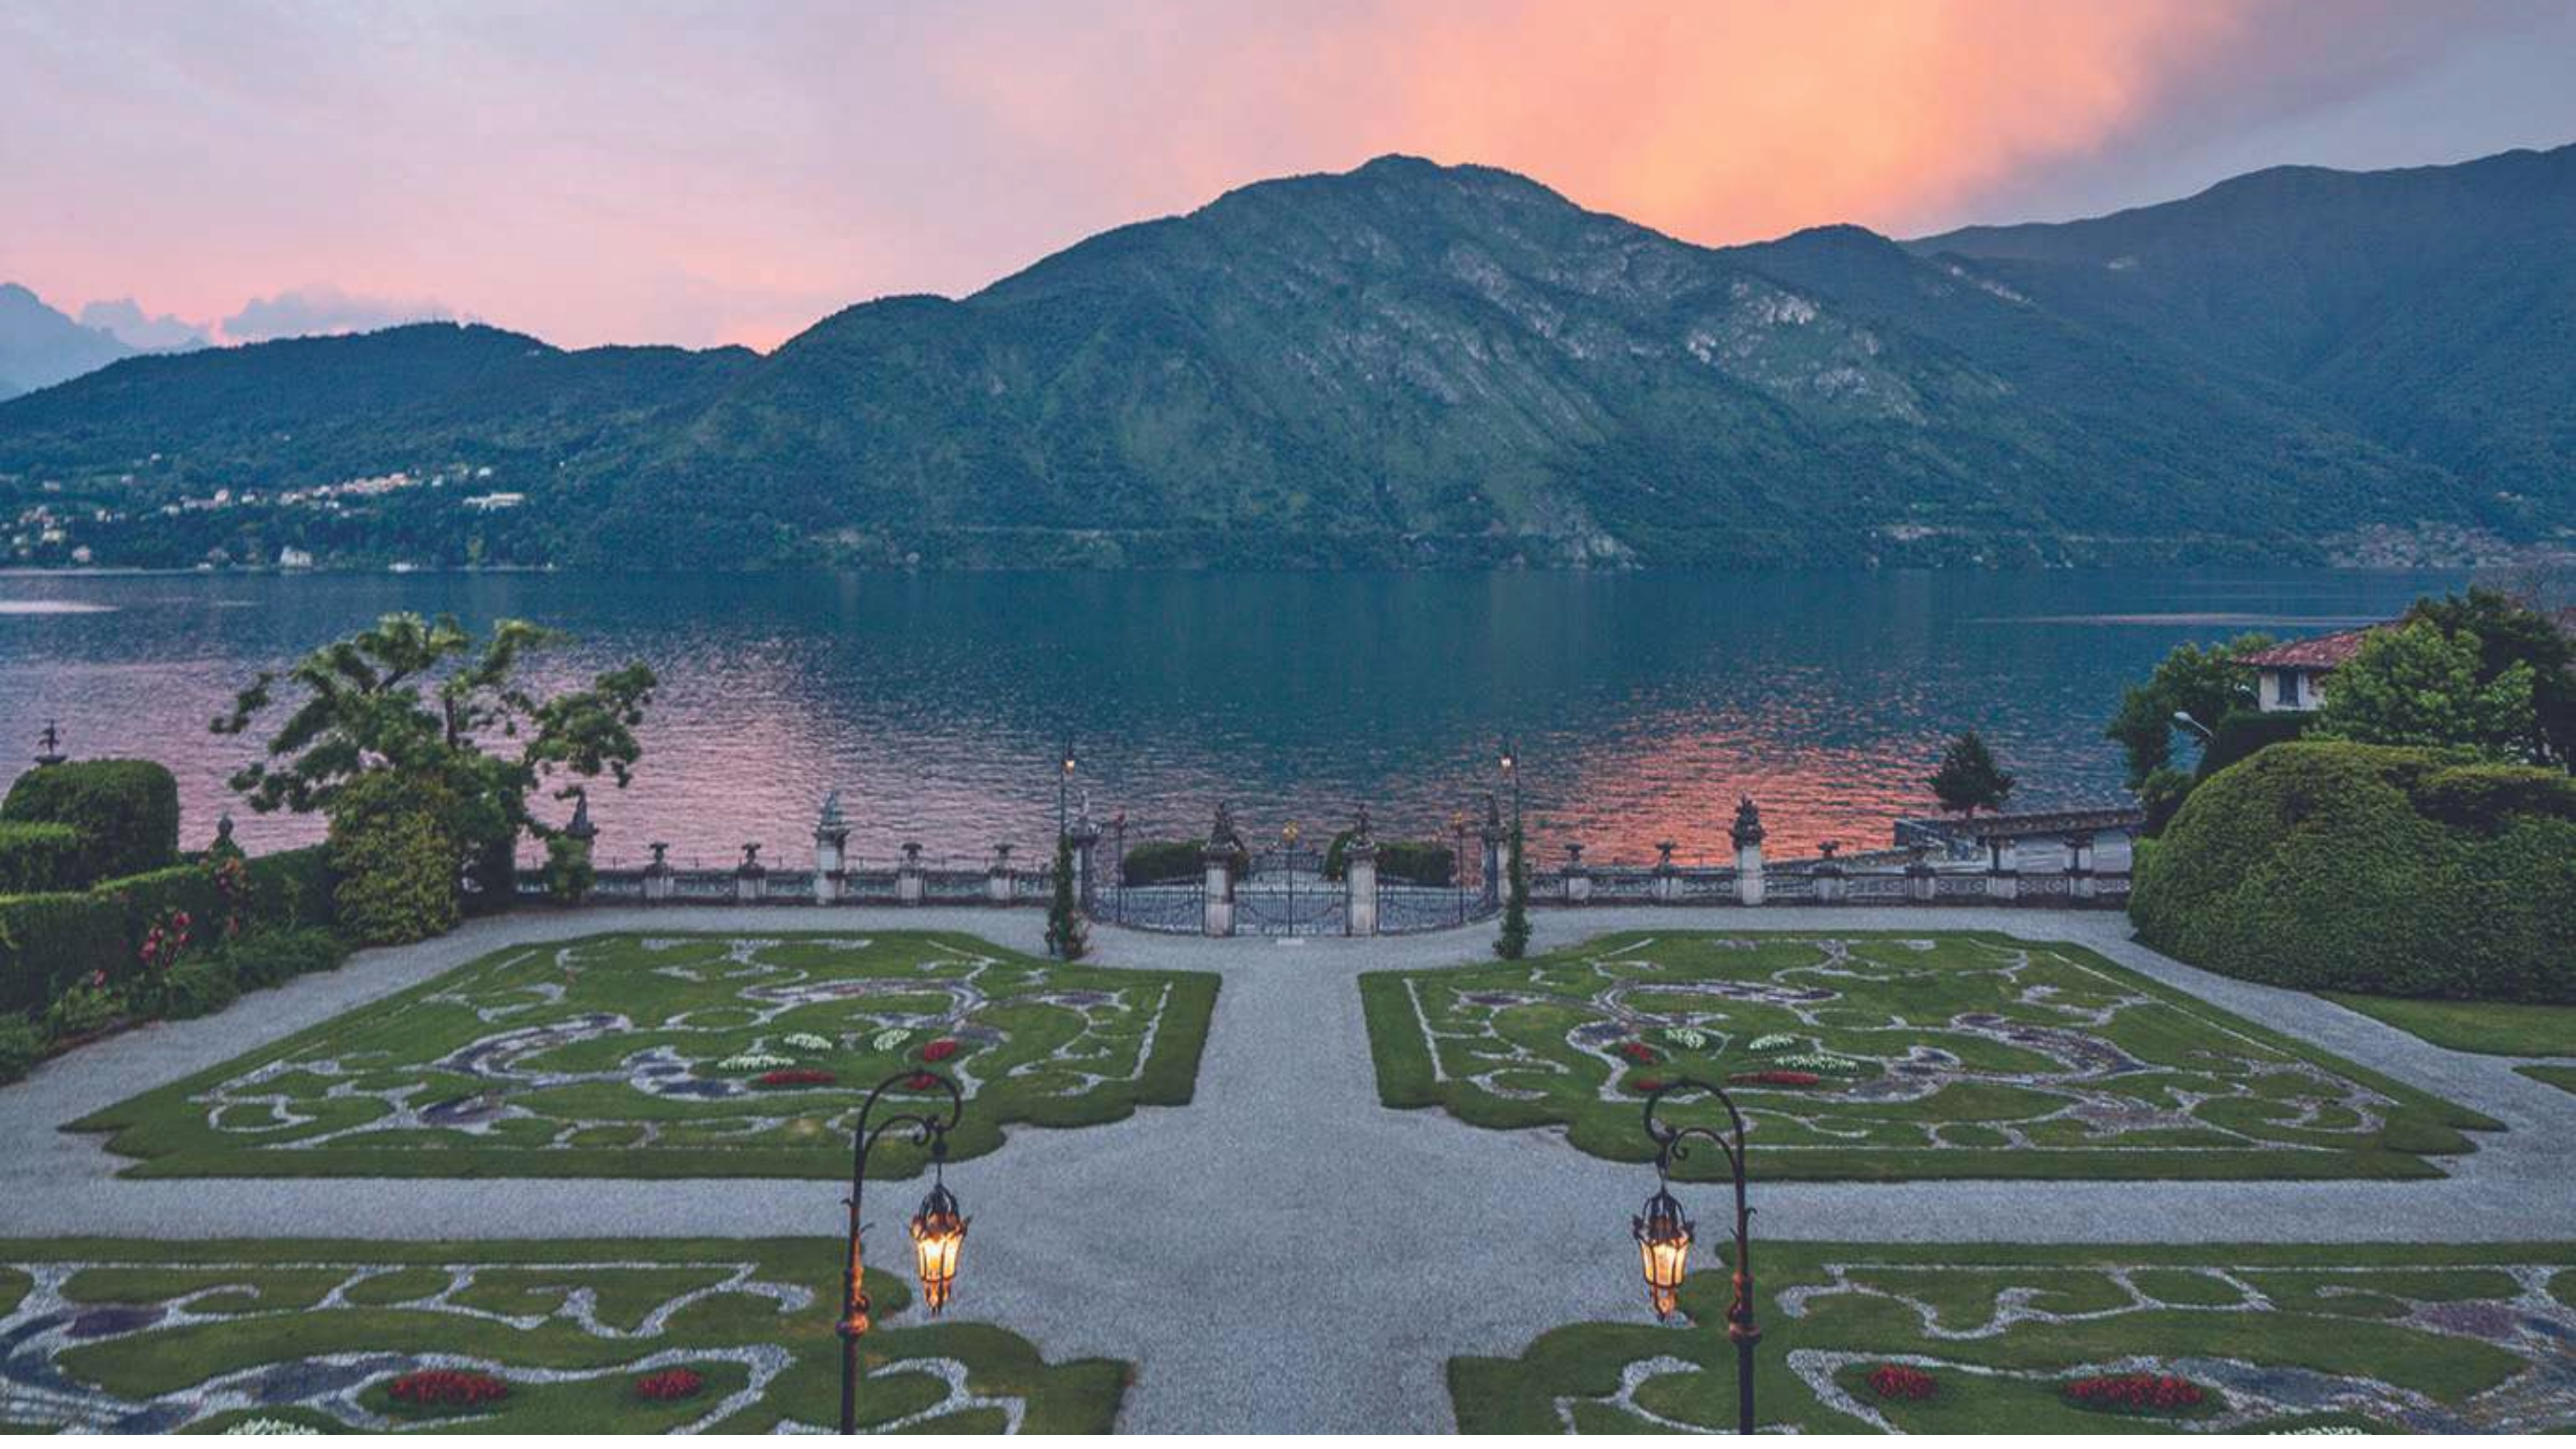

OUR FIGURES

- **2 companies: Riva Mobili D'Arte and Riva Contract**
- **2 brands: Riva Mobili D'Arte and Rivatelier**
- **Production site: 12.000 mq**
- **More than 40 employees**
- **Different collections dedicated to classic and contemporary**
- **2 showrooms**

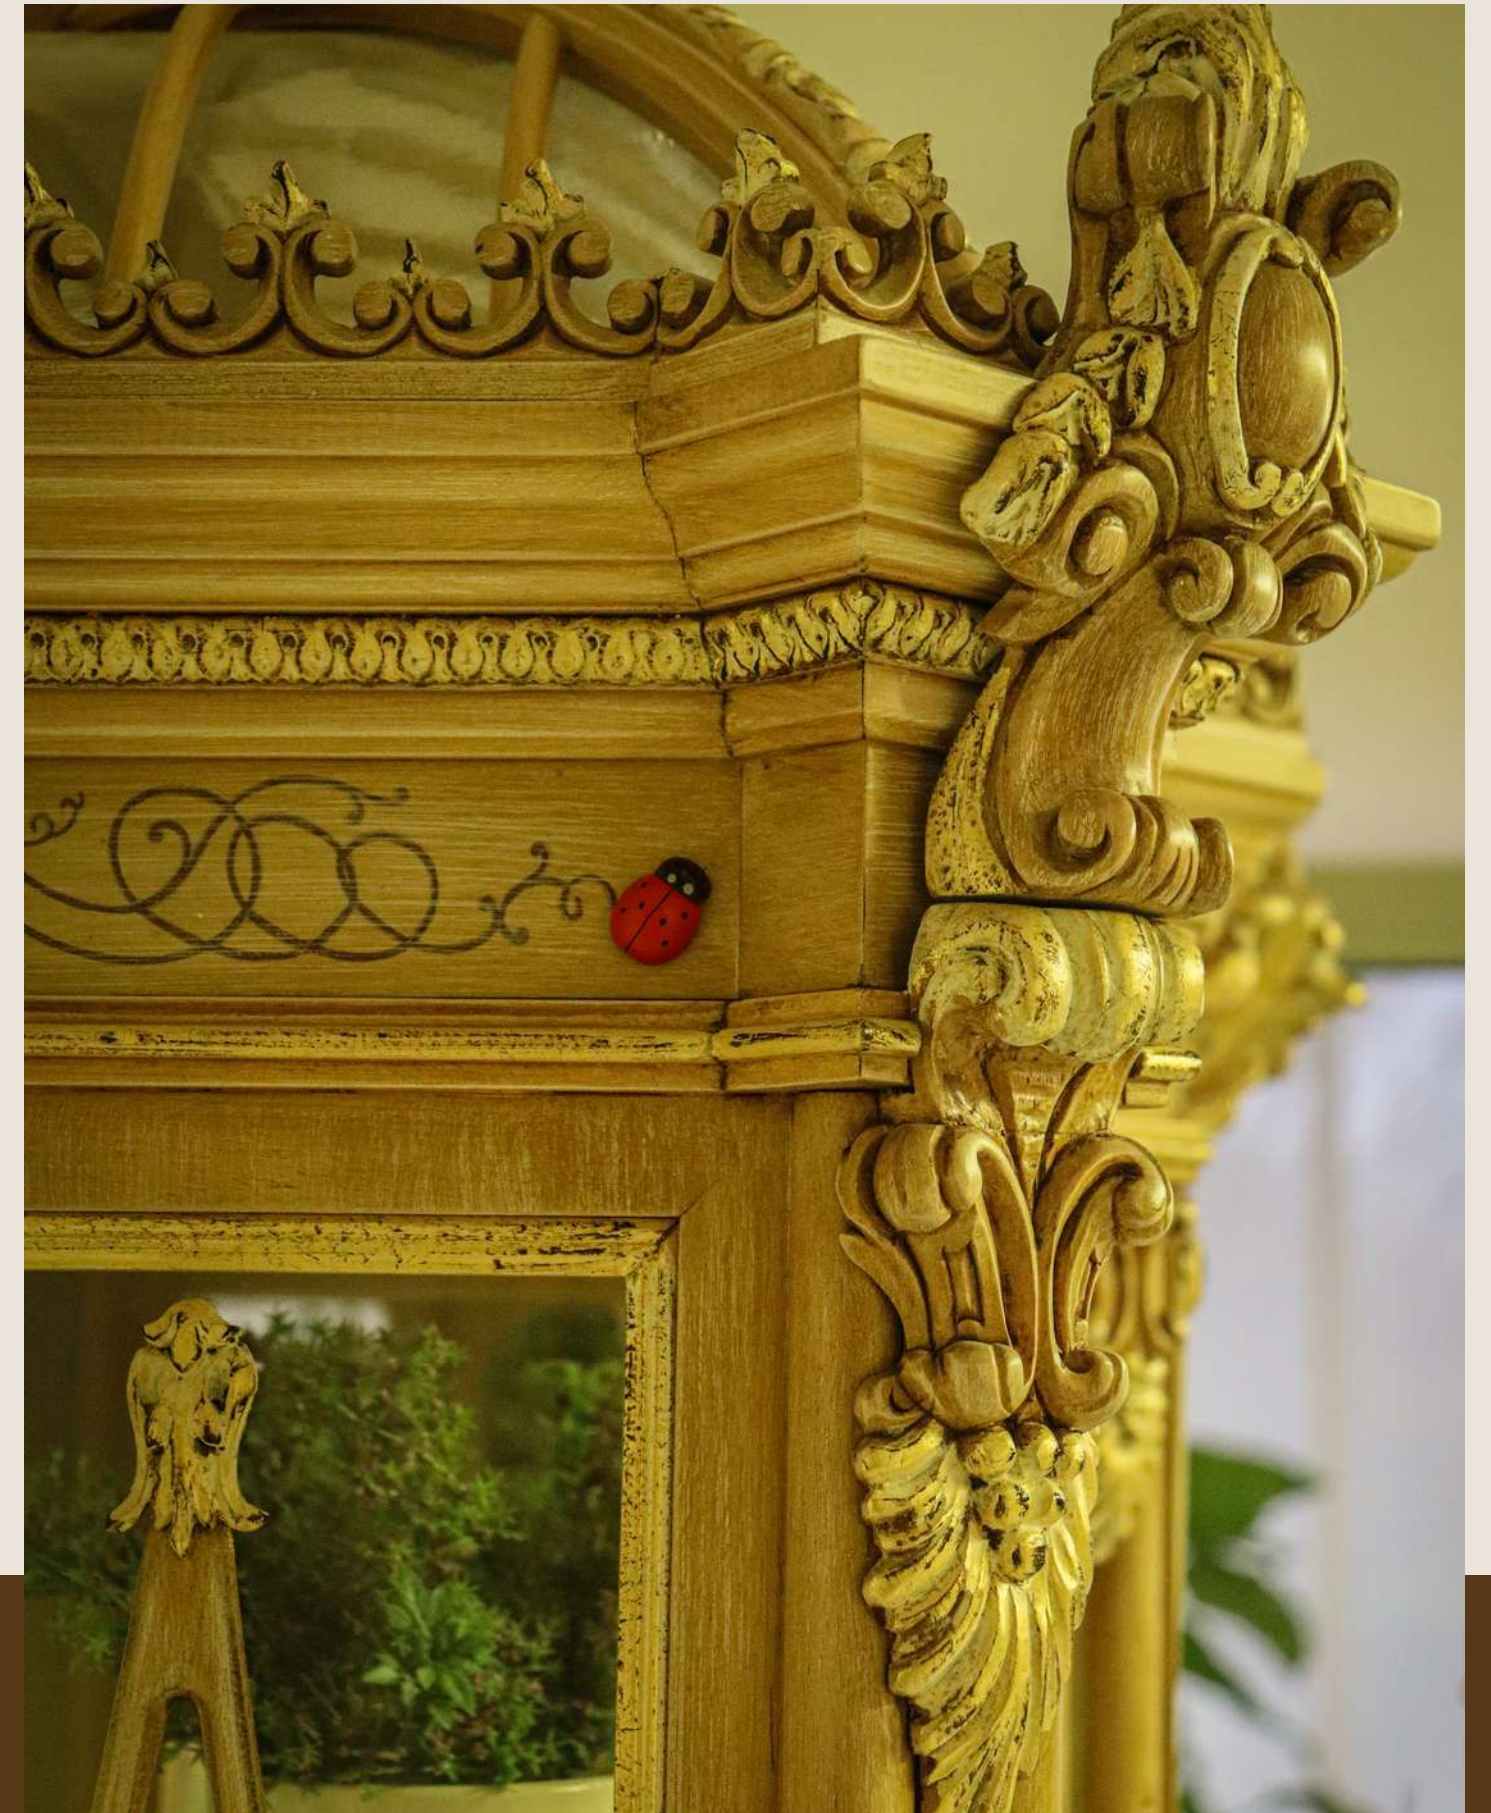

ABOUT US

Since the '90, **RIVA MOBILI D'ARTE** has been a skilful interpreter of classic furnishing, creating with elegance and originality, precious works of art marked by great **craftsmanship, uniqueness of design, love for perfection, and extreme attention to details.**

The company, located in Meda, in the heart of Brianza, the cradle of design, is known worldwide for its production of **high-quality "Made in Italy" furniture.**

Today Riva Mobili D'Arte is one of the most important companies for Luxury Classic Furniture all over the world.

The brand has several collections, made by selecting only the most precious and exclusive essences, and intended for different rooms, as well as many complementary articles such as carpets, lighting, fabrics, and decorative objects for a total look proposal.

HOW WE WORK

The production process involves both **artisan and industrial steps** that take place in perfect synergy. Machinery is combined with the experience and technical knowledge of expert craftsmen in order to guarantee the company's "handmade" values and the attention to details that Riva Group is proud of.

Craftsmanship, tradition, innovation, attention to detail and **manufacturing excellence** are the pillars on which Riva Mobili D'Arte has built its know-how, preserving techniques and knowledge handed down from generation to generation.

Only the highest quality woods are selected for each piece produced, choosing from those that best suit the furniture in terms of strength and flexibility, also taking care of the preservation of the planet.

In fact, for every tree that is used, another one is planted.

There are two special techniques that still continue to be carried on with the same passion: **CARVING** and **MARQUETRY**.

Hand carving is where the company's artisan expertise is shown in all its glory. Riva Mobili D'Arte has preserved and fostered this traditional skill to ensure that such an important part of Italy's cultural and artistic heritage will live on.

Among the oldest and most complicated woodworking techniques there is **marquetry**, an art that is used by skilful master craftsmen in the decoration of furniture and accessories.

Carefully selected one by one the wooden slabs in the various wood types are processed in different thickness and perforated, creating those decorations and chromatic effects that characterise the entire Riva Mobili D'Arte production.

RIVATELIER: UNVEILING OUR VISION

In 2024, **RIVATELIER** embarks on an exciting journey, unveiling a fresh identity under the creative direction of **Daniel Christopher**, appointed by Cav. **Francesco Riva**, owner and classic luxury designer of Riva Mobili D'Arte, a historic company from which the new brand, Rivatelier, is launched.

Daniel Christopher is an eclectic creative director and designer who, driven by passion, curiosity and professional skill, already has several international collaborations to his credit.

Thanks to our creative director, the collection promises to abstract the essence of Italian art into contemporary masterpieces, blending historic inspiration with modern sensibilities.

Characterized by essential yet sophisticated style, our pieces feature sinuous lines and a palette of neutral colours, evoking a welcoming and relaxed atmosphere.

FRANCESCO RIVA

Owner and Luxury Classic Designer

"In the dynamic world of the furniture industry, where tradition and the future merge, and where trends and consumer tastes evolve rapidly, I decided this year to completely overhaul RIVATELIER, our contemporary furniture line. Innovation often stems from collaboration, that is why I wanted at my side, on this important journey, Daniel Christopher, a brilliant young Creative Director who, like me, loves material combinations, attractive lines and the use of innovative materials and cutting-edge technology essential to give products a distinctive character."

DANIEL CHRISTOPHER

Creative Director and Designer

"Evertime I think of a new product, I seek inspiration form the surrounding enviroment knowing that each shape is linked to a memory held in the mind and eager to transfrom into something new. I believe in the challenge of creating emotional connections through my work, giving rise to products that reflect my dedication and vision of timeless elegance".

THE SENSE OF BEAUTY

In bustling cities where time rushes like wind through skyscrapers, there exists a place for those who seek true beauty.

At **RIVATELIER**, we bring this belief to life.

Our furniture, crafted with care and devotion, invites you to experience beauty in every detail.

THE SENSE OF DESIGN

Here, the concept of beauty goes beyond aesthetic appearance; it is an inner journey that leads to self-discovery. The mission of **RIVATELIER** is precisely this: to offer guests the opportunity to surround themselves with furniture that reflects their most authentic essence, transporting them back in time to the most precious and significant moments of their lives.

PERFECTION IN EVERY DETAIL

Every piece, from the clean and modern lines to the meticulous craftsmanship of details, is the result of a creative process that goes beyond the mere creation of furniture. It is an act of love, a tribute to the beauty that resides in the human experience.

At **Rivatelier**, we're proud to be the offspring of Riva Mobili D'Arte, bringing 50 years of furniture expertise to the forefront.

ARTISTIC

Rivatelier has joined forces with Italy's most skilled artisans, whose golden hands infuse each creation with handcrafted finishes. Together, they craft timeless unique pieces.

*Feel a sense of wonder and expressive freedom.
It's a place where dreams take flight and soar into the depths of the soul.*

FASHION

*Like a beacon in the storm, beauty
and magnetism merge into a
timeless charm, challenging gazes
and expectations with
determination.*

AVANTGARDE

The avantgarde is an arrow in the mist challenging conventions, a rebellious wave in the sea of the unexplored. It embodies bold innovation and limitless creativity.

SOPHISTICATED

Refined elegance and understated expression of confidence in displaying luxury and beauty, capturing the gaze of those who appreciate greatness

LUXURY

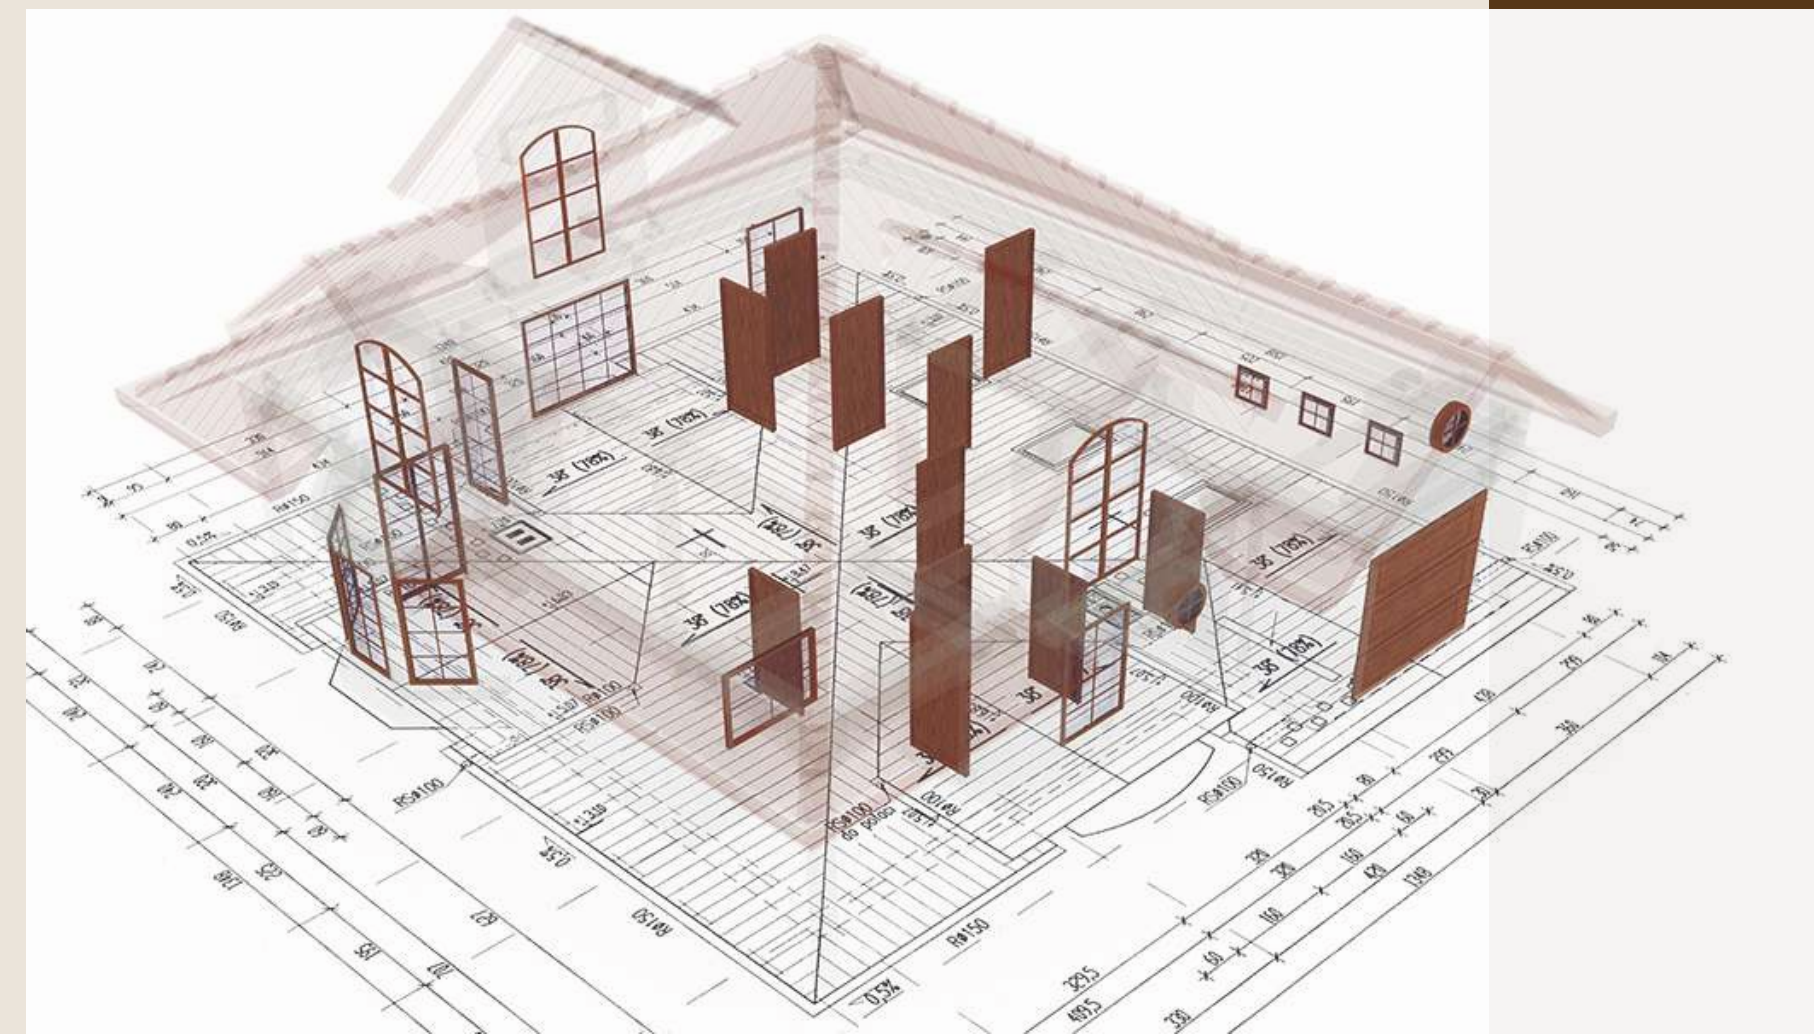

Luxury unveils itself in the gentle touch of simplicity, in the purity of moments, in the essence of authenticity that embraces the soul

RIVA CONTRACT

RIVA CONTRACT is the company of the world of Riva Mobili Group that brings together a team of experts capable of handling any type of project, from **classic**, to **contemporary** and **modern**. The mission is to provide a well-studied project that allows the end customer to choose the entire project and enhance it with combinations of materials and finishes of great value. An environment where every detail is not an end in itself, and where the choice does not derive from compromises but from the assessments of the expert designers and the quality of RIVA CONTRACT.

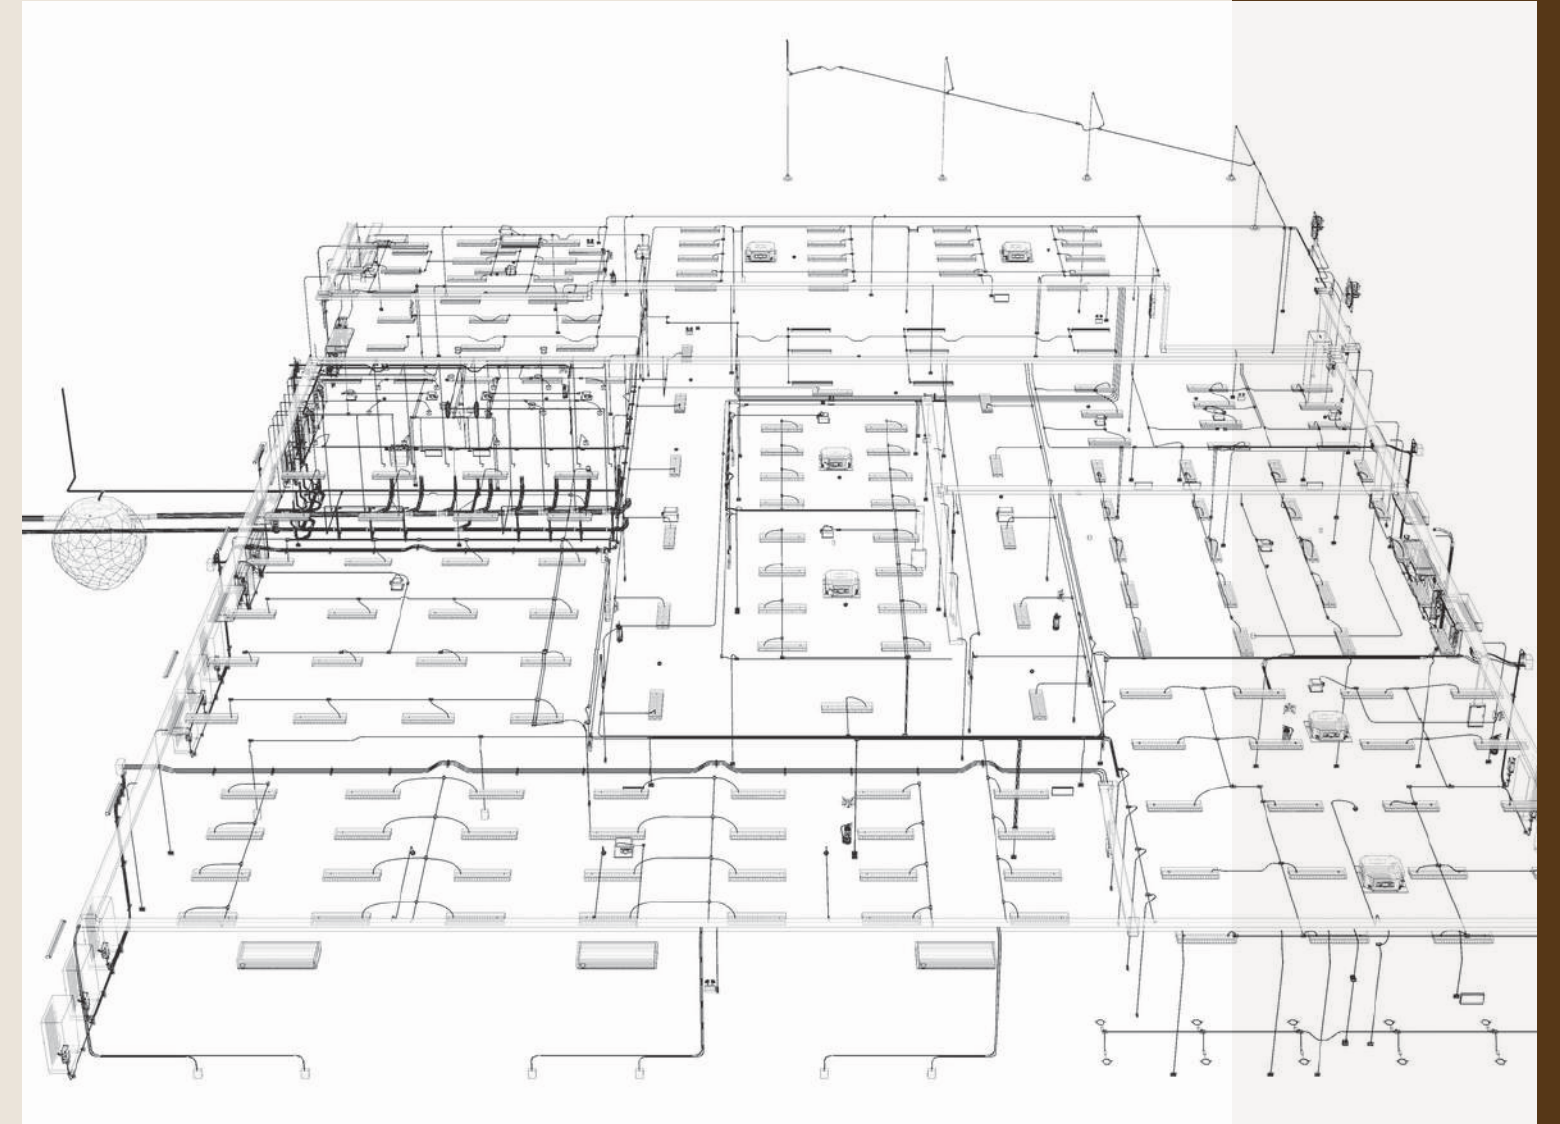

Highly specialised in high-end contracting, the team is able to manage indoor and outdoor projects, coordinating the activities, delivery and choice of materials, drawing up effective and efficient proposals and solutions, including in addition to **furniture**, custom-made and with exclusive designs, **accessories** and **textiles, flooring, boiserie, lighting, gardens, swimming pools** and **electric & mechanical systems**.

HOW RIVA CONTRACT WORKS

Riva Contract acts as a general contractor managing the entire project from A to Z.

Managing the project in its entirety means that Riva Project starts from scratch, from the installation of fixtures, wall coverings, flooring and panelling, then prepares the mock-up and technical drawings, carries out sample production, puts into production all parts of the job order, including furniture, carpets, curtains, lighting and accessories, to the final assembly phase and after-sales service.

Every project is unique and special, but there are certain fundamental steps that Riva Contract pursues with meticulous care and attention, because the satisfaction of our customers is paramount for us.

Attention to detail, tailoring and elegant shapes make RIVA CONTRACT the ideal choice for designing unique and exclusive environment that combine functionality and beauty in a single project.

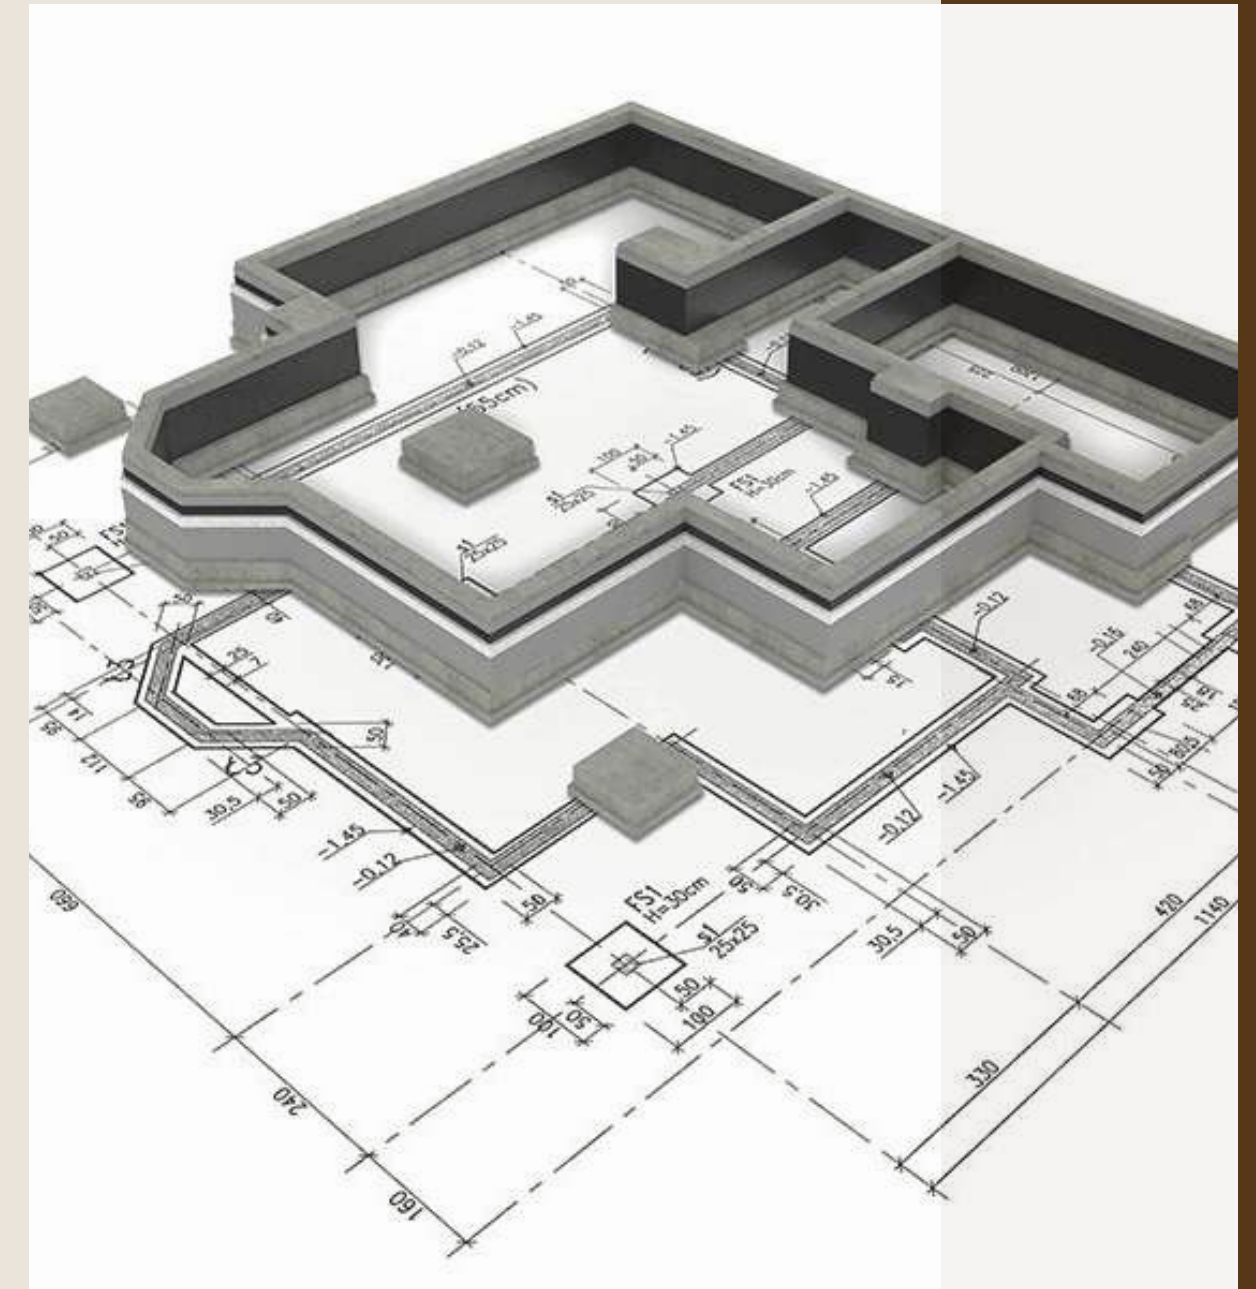

MUST-HAVE STEPS IN EVERY PROJECT

BRIEF, ANALYSIS AND PROJECT PLANNING

- Preliminary project analysis: operational briefing, feasibility study, on-site surveys and meetings with clients
- On-site measurements
- Preparation of the project and the various layouts: from architectural design to interior design
- Project planning and cost estimation
- 3D executive drawings and architectural prototypes
- Definition of furnishing accessories such as fabrics, curtains, carpets, decorative elements
- Design of furniture and accessories
- Management of permits, installation and testing to adhere to the project's deadline

EXECUTION AND AFTER SALES

- Project management overseeing each phase in close collaboration with architects, designers and the end-customers
- On-site inspection on a scheduled basis
- Coordination of delivery and logistics activities
- Quality control
- Installation and assembly activities
- After-sale service

SERVICES

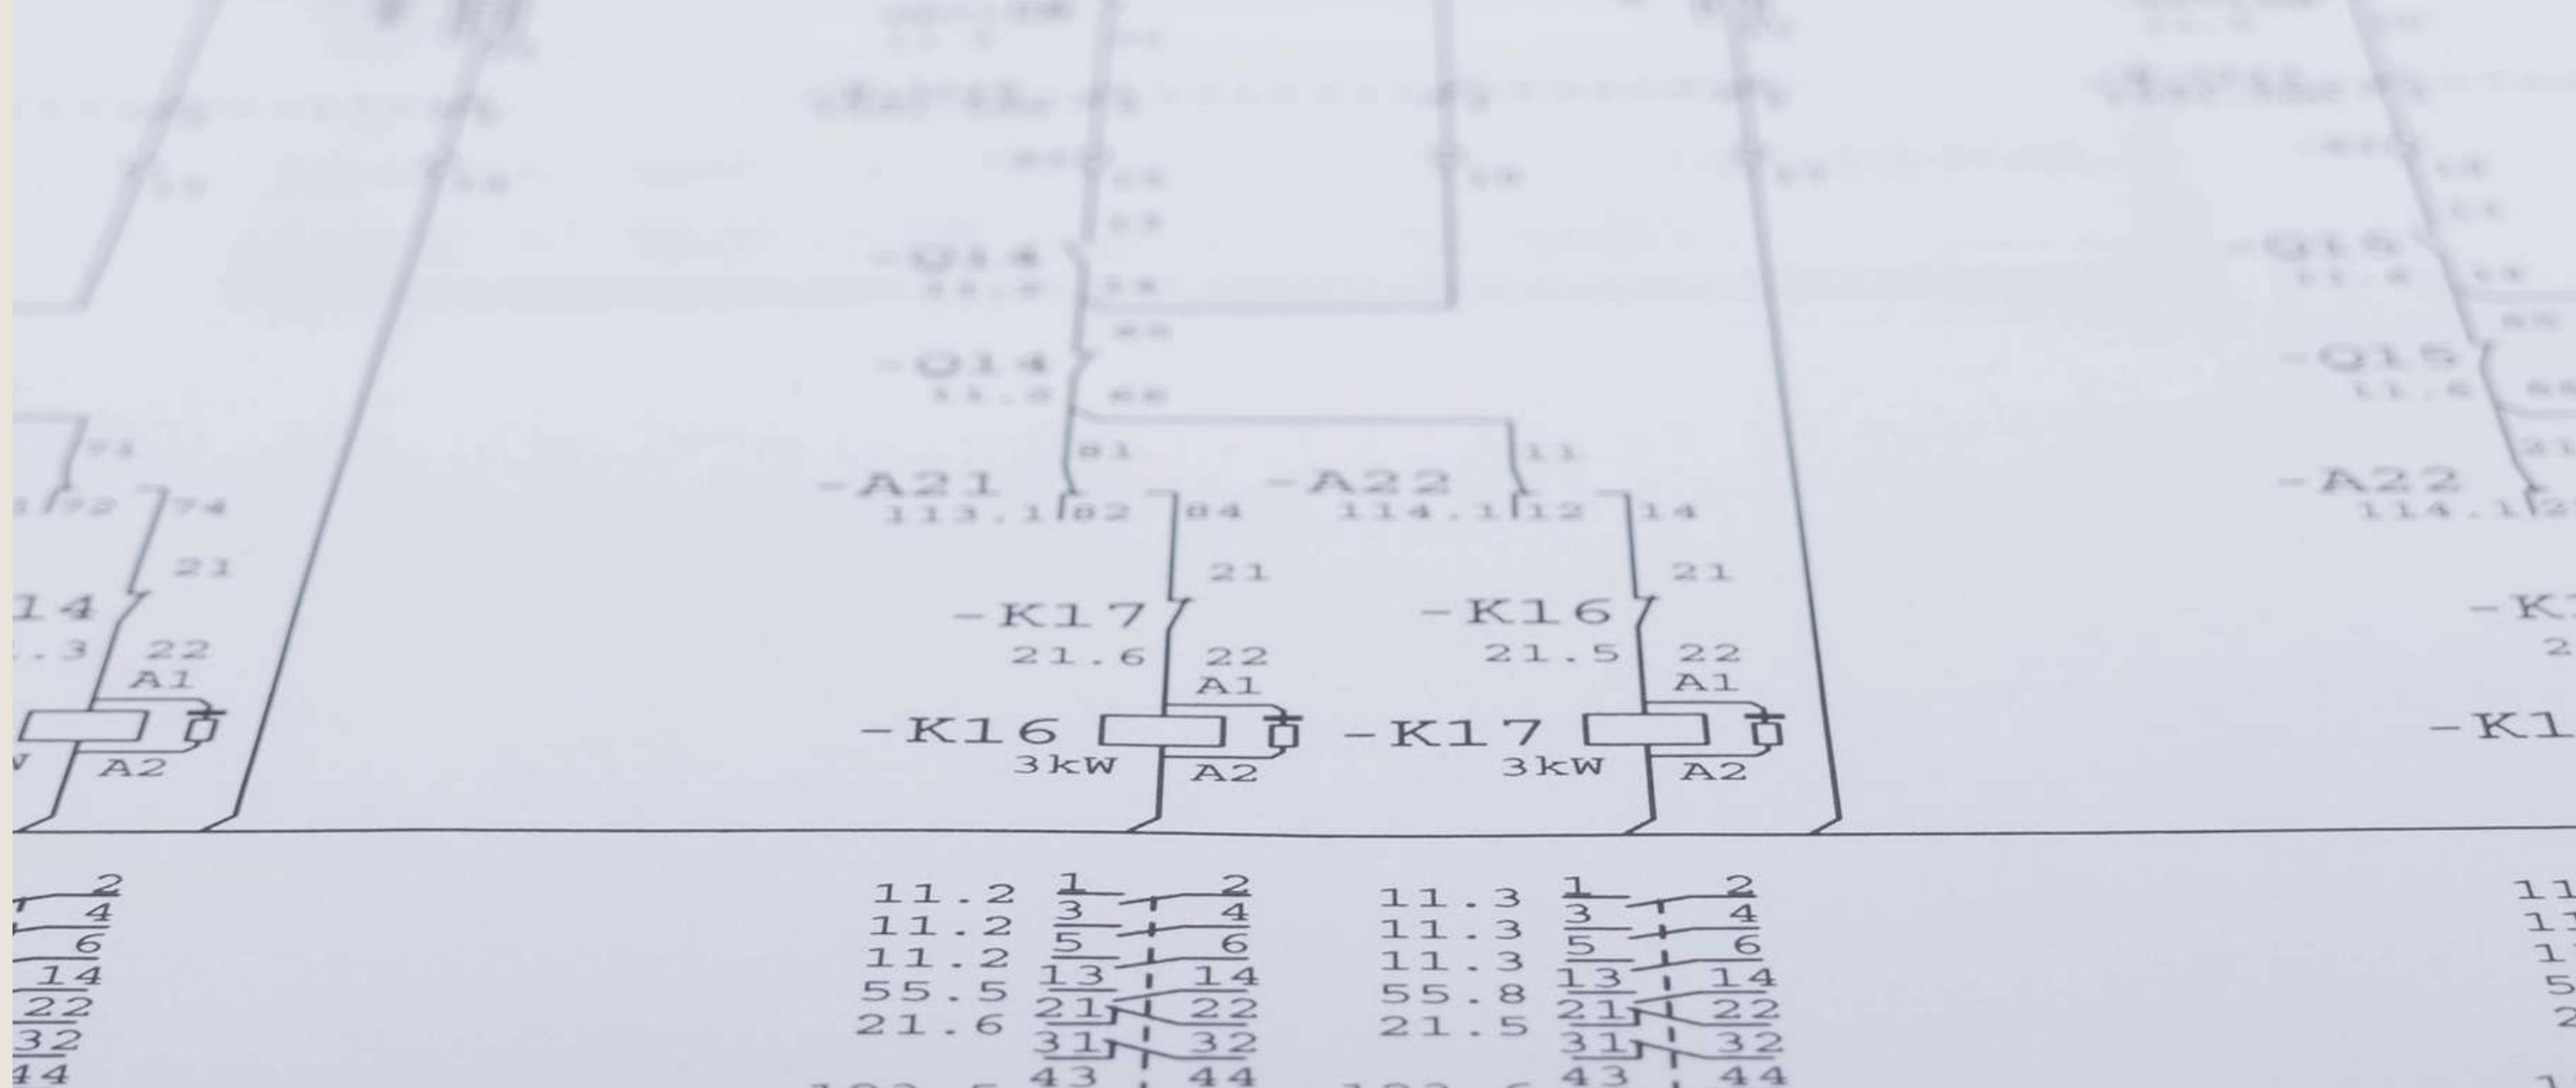

The creation of the garden plays a central role today: it is not just an outdoor environment, unrelated to the house, but its stylistic and aesthetic extension, and for this reason it must dialogue and be in line with the chosen architectural development.

When designing a garden, RIVA CONTRACT takes into account several factors related to the type of soil, the climate, the presence or absence of a swimming pool, and that is why every project we follow always starts from a technical survey and analysis of the site in order to propose a turnkey project in line with what the customer expects.

RIVA CONTRACT proposes the materials, furniture, plants, flowers, lighting, and possible swimming pool.

GARDEN DESIGN

RIVA CONTRACT takes care of any type of electrical installation for lighting, alarm and anti-intrusion systems.

The lighting design follows hand in hand with the architectural development of the rooms so that there is a real fusion between rooms and lighting points.

Any project always starts with a feasibility study and a careful analysis and evaluation of the environment in which it will be inserted.

Thanks to years of experience RIVA CONTRACT is able to offer a complete project for the home you have always desired.

ELECTRICAL DESIGN

RIVA CONTRACT, thanks to its technical department, is able to carry out the design of heating, air conditioning, plumbing and sanitary installations for civil buildings.

From site surveys to the executive plan, from consultancy to assistance.

In the preliminary plan RIVA CONTRACT proposes different and innovative solutions, with a focus on efficiency and comfort aspects, managing with the support of experts, all the necessary authorisations for the installation and commissioning of the system.

MECHANICAL DESIGN

RIVA CONTRACT develops and builds unique and spectacular swimming pools, tailor-made for each customer. Artistic works of all shapes and sizes that embellish homes and gardens with charm and elegance.

Unique and sophisticated colours, accessories and details are used to build an exclusive and stylish swimming pool that can satisfy the customer's needs with creativity and design to create something unique and tailor-made.

Details are key and so waterfalls, whirlpool jets are part of the design.

Pools with square, geometric shapes or soft lines. Marbles and mosaics, colours and styles that come together in the construction of true works of art.

SWIMMING POOL DESIGN

Italian craftsmanship and international soul

Attention to detail, tailoring and elegant shapes make RIVA CONTRACT the ideal choice for designing unique and exclusive environments, **classic**, **contemporary** or **modern**, that combine functionality and beauty in a single project. RIVA CONTRACT is bringing the passion and craftsmanship of Italy to the world. Our production chain is exclusively made in Italy, as are the partners we use, who share our same values and professionalism.

INTERIOR DECORATION DESIGN

From design to consulting up to the floor installation.

RIVA CONTRACT supports its clients in the realisation of products such as indoor flooring with wood, marble, and stone floor tiles, outdoor floors, indoor and outdoor stairs; we realize doors of all shapes and sizes and ceilings that dialogue with the woodwork and furniture. The highlight of Riva Contract's design is undoubtedly boiserie, a furnishing element that embellishes the space. Sophisticated, precious, unique.

From the measurement survey to the execution and installation, RIVA CONTRACT guarantees efficiency, flexibility and aesthetic-functional consultancy.

FLOOR, BOISERIE, CEILING, DOOR DESIGN

Details make the difference, as do table accessories and vases. With RIVA CONTRACT all details can be customised in order to match the style of your home.

We suggest curtains and carpets that echo the nuances of the environment, enriching the furnishing design with meticulous detail.

The lighting design follows hand in hand with the architectural development of the rooms so that there is a real fusion between rooms and lighting points.

LIGHTING, ACCESSORIES, CARPETS & FABRICS

CLASSIC PROJECTS

Residential projects all over the world

We want to realise the home of your dreams: this is the mission of the company.

Precious details, intricated lines, luxury fabrics and finishings, all this and more is RIVA CONTRACT.

CONTEMPORARY PROJECTS

MODERN PROJECTS

25 YEARS OF EXPERIENCE WITH PROJECTS AROUND THE WORLD

Thanks to the experience acquired through the brands Riva Mobili D'Arte and Rivatelier, RIVA CONTRACT is able to realise projects all over the world and provide solutions in classic, modern and contemporary taste, where no element is left to chance and where every choice is aimed at satisfying its customers by understanding their needs, meeting their expectations and realising the project of their dreams.

Some of our projects around the world:

- Saudi Arabia
- Qatar
